

[PC relates to the specific performance criteria in each learning outcome]

These questions can be answered at home at the end of day 1 or after the end of day 2 or alternatively be done orally. A 'Pass' is required in both sections.

Section 1: Planning

1. Choose any 3 continuous sections of the assessment route and drawn up a route plan for it. [PC 3.1] (5)
2. What are 4 important items of clothing or equipment that should be carried when operating in Silver terrain. [PC3.2] (4)
3. Describe the symptoms of hypothermia. What emergency treatment could be used before arrival of expert help? [PC 3.4] (4)
4. How might an adverse weather forecast affect a route plan. [PC3.3] (2)

Pass Mark for section is 8.

Section 2: Background Knowledge

1. Note some procedures that should be considered in deciding upon route choice? [PC 4.1] (4)
2. Why should one not leave litter - organic and non-organic? [PC 4.2] (3)
3. What are some of the issues to be remembered when enjoying Rights of Access? [PC 4.3] (3)

Pass Mark of this section is 5.

nb: Candidates need to achieve a Pass in both sections to Pass overall. Enter Pass or Fail in the course checklist.
