GOLD CONVERSION COURSE

We are planning a further Gold Conversion course for the **5th September** (a change from the previous date!) in Settle, North Yorkshire. This is for experienced Bronze & Silver course directors wishing to deliver Gold Navigator Awards. Please note that we require a minimum of 4 bookings for this course to go ahead. Full refund will be given in the event that we do not reach the minimum bookings.

For further details and to book a place, please use the link below:

Facebook NNAS Providers page

A wee reminder that NNAS has a closed Facebook page just for NNAS Providers and their staff. It's very useful for sharing ideas, asking questions and having a bit of fun!

When requesting to join, please remember to say which Provider you work for. Use the link below to find us!

[NNAS Facebook Provider's page](#)

Here is a link to a thoughtful article that Nigel has written about the Components of Navigation.

If you have any content, links or short articles that you would like to share in a newsletter to support other NNAS course Providers, please send them by email to the office info@nnas.org.uk.

Keith Rugg

It is with sadness that we report that the NNAS has lost a dear friend and long-time board member, Keith Rugg. Keith was Sales Director for Burton McCall when he joined the Board and continued with us after his retirement until ill health saw him step down from the NNAS.

Keith was a powerhouse of a man, completely dedicated to the betterment of the NNAS and who brought a unique industry-sector perspective to the board. He was never afraid to speak out nor to give colleagues sage advice gathered from his years of experience. He could also tell a good tale!

It is a sad day for those that knew him and, for those who never benefitted personally from meeting him, his influence is everywhere in the wider NNAS world.

Rest in Peace Keith.
