

NNAS NEWSLETTER

In this issue:

- Share your news
- NNAS logo use
- Moderation success
- JustGo hints & tips

Share your news!

If you have a success story or interesting navigation-based info to share with other Providers, you can send it to the NNAS office and we will include it in an upcoming newsletter. Photos are also welcome!

Using the NNAS logo

We encourage you to use the NNAS logo on your website and social media, but please make sure it is the current version! Providers can download the approved version from the [Provider Terms](#), but first read the [NNAS Intellectual Property Use Policy](#) to ensure you are using the logo correctly. This policy forms part of the Terms and can be found on page 18, with the logo links on page 19.

Peer-to-peer moderation success

The North region recently completed a supportive peer-to-peer moderation of a Bronze Navigator course. David (River Mountain Experience) visited Fabian (AFS Mountaineering), sharing observations and valuable insights. Both found the experience enjoyable and useful in enhancing course delivery and standardising learning nationally.

If you'd like to take part in peer-to-peer moderation in your region, please get in touch.

JustGo hints and tips

A reminder that we have pdf guides kept up to date on the NNAS website to help you use JustGo. You will find them by going to the [Provider Resources](#) page and then clicking on JustGo CMS Support Documentation. There you will also find links to video guides, which some prefer to use
