

## Participant Information form

The NNAS manages its awards using an online database, which is developed and hosted by a company called TahDah Verified Ltd.

Each participant's name, date of birth, and optionally email address (**only if over 18 years**), the level of NNAS course undertaken and the result, will be added to the online Management System. If an email address is provided you may be contacted for feedback about the course. Please be assured that NNAS will not pass your details to anyone else. Our Privacy policy can be viewed on our website [www.nnas.org.uk](http://www.nnas.org.uk)

Please complete the form below and return to your course Provider so that they may input your information on the NNAS online database so that a certificate can be issued to you upon successful completion of your chosen NNAS course.

NNAS is registered with the Information Commissioner's Office (ICO).
